

New Report: Global Homeland Security & Public Safety Market - 2019-2024: 8-Volume Mega-Report

The report consists of 16 vertical, 24 technology and 43 national market reports, segmented into 630 submarkets.

WASHINGTON DC, DISTRICT OF COLUMBIA, UNITED STATES, February 2, 2019 /EINPresswire.com/ -- New Report: Global Homeland Security & Public Safety Market to Reach \$606 Billion by 2024

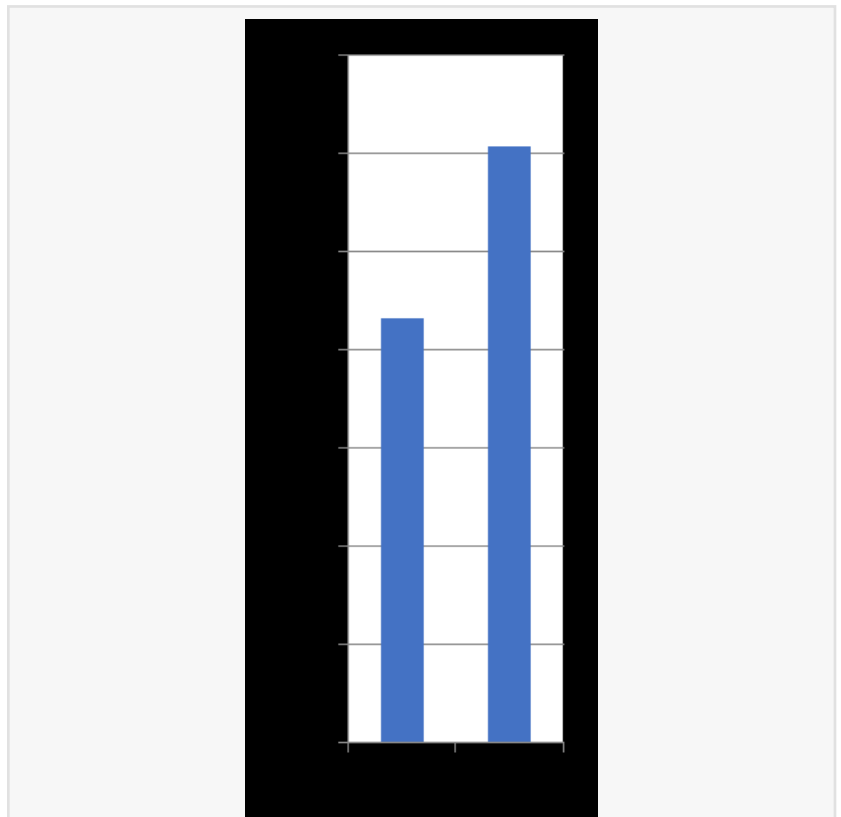

WASHINGTON DC, JAN. 29, 2019

According to a new market research report "[Global Homeland Security & Public Safety Market - 2019-2024: 8-Volume Mega-Report](#)", published by [Homeland Security Research Corp. \(HSRC\)](#), the global homeland security & public safety market is expected to grow from \$431B in 2018 to \$606B in 2024, at a CAGR of 5.8%.

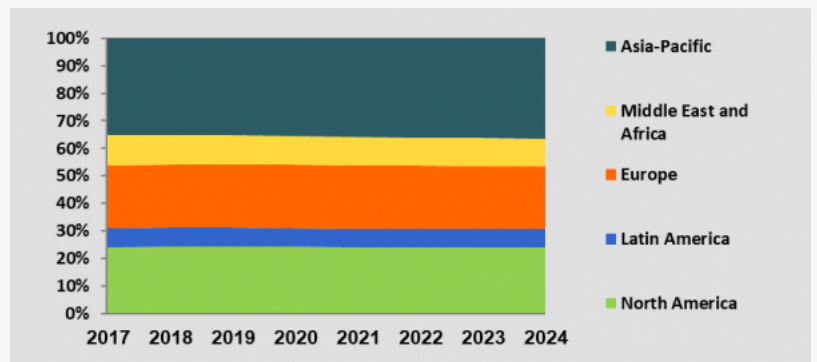

HSRC is proud to publish the industry's gold standard for homeland security & public safety market research reports. The report consists of 16 vertical, 24 technology and 43 national market reports, segmented into 630 submarkets.

This 2420-page market report is the utmost comprehensive review of the global homeland security & public safety market available today. The objective of this mega-report is to provide today's strategic decision-makers with an expert 360-degree, time-sensitive, detailed view of this interconnected market.

17 years have passed since 9/11, and the global public safety & homeland security market, technologies and industry are forecast to go through major shifts. According to the report, market growth will be driven by the following factors:

Global Homeland Security & Public Safety Market [B] – 2018, 2024

Global Homeland Security & Public Safety Regional Market Shares [%] – 2017-2024

•Terror

•New and maturing technologies, (e.g., UGV, anti-drone systems, artificial intelligence, big data & data analytics, smart sensors, AI-based cybersecurity, 5G, TETRA & LTE emergency communication and AI based video analytics)

•President Trump’s national security & law enforcement agenda

•Organized crime

•PRC President Xi’s internal security policy

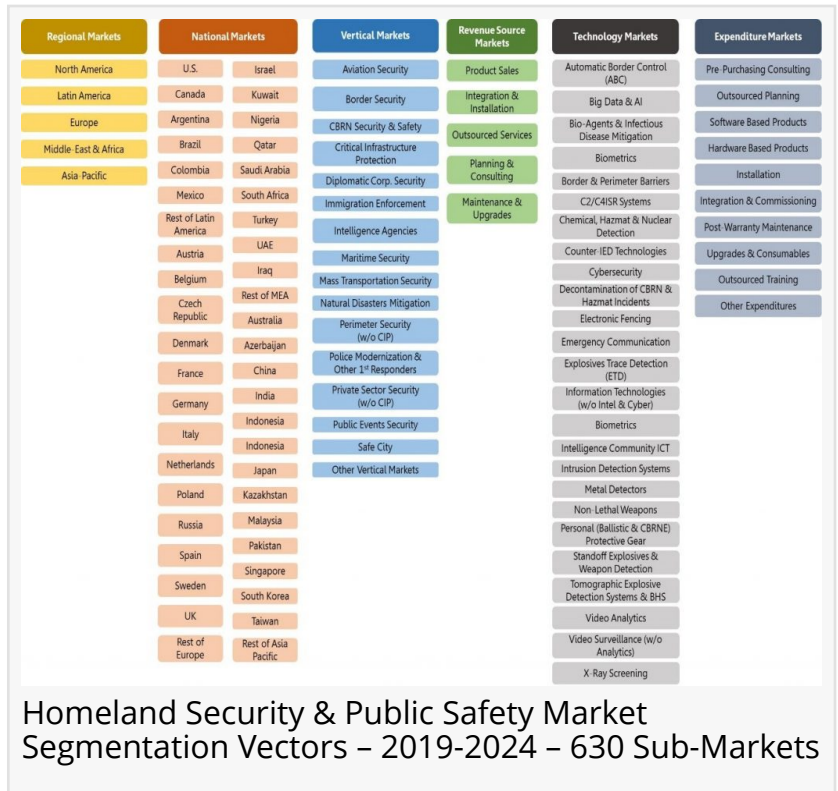

•Cybercrime and cyberterrorism

•The turmoil in the Arab world – the ongoing conflicts in Iraq, Syria and Yemen, and the Shia-Sunni conflict

•An “invest whatever it takes” approach of autocratic and semi-autocratic governments (e.g., Saudi-Arabia, Iran, Egypt, Russia, Turkey) to avoid regime change

•High security spending by governments (e.g., Israel, Brazil, Nigeria) exposed to high risk of terror and/or crime

•Climate warming-related natural disasters growth

The Asian-Pacific & North American markets will continue to dominate the market, holding together over 50% of market share during the forecast period. Market analysis by country shows that Saudi Arabia, UAE, the U.S.A. and Israel are the leading countries in terms of market size per citizen. Additional questions answered in each of the 83 reports include:

•What is the market size and what are the trends of 83 markets & 630 sub-markets during 2017-2024?

•What are the submarkets that provide attractive business opportunities?

•Who are the decision-makers?

•What drives the customers to purchase security solutions and services?

•What are the customers looking for?

•What are the internal security technology & services trends?

•What are the 83 markets SWOTs (Strengths, Weaknesses, Opportunities and Threats)?

•What are the challenges to market penetration & growth?

With a highly fragmented market we address the “money trail” – each dollar spent, according to technology, vertical, national, revenue source and expenditure markets.

The Global Homeland Security & Public Safety market is analyzed and crosschecked:

By 24 Technology Market Reports:
