

# JAMAICA SEES HUGE SURGE IN DEMAND

*Tourism to Jamaica experiences substantial increase*

NEW YORK, USA, February 6, 2019 /EINPresswire.com/ -- According to leading villa rental experts, Jamaica has seen an unprecedented increase in advance bookings for 2019. The company which are also considered one of the most trusted villa rental companies in the world have recorded a 35% growth for the last quarter of 2018 when compared to the same quarter in 2017.

The greatest increase in business has been for the popular [Montego Bay area](#). Other popular areas including Negril, Ocho Rios and Discovery Bay. These areas are also seeing increased demand this year.

One of the reasons for the increase in demand is the excellent airlift to the region. There are direct flights from more cities in the US and Canada to Montego Bay than any other Caribbean Island. Some of the main hubs include New York, Detroit, Fort Lauderdale, Toronto, Atlanta, Charlotte, Newark, Milwaukee, Washington, Miami, Baltimore and Chicago. Some of the major carriers servicing the region include, Airlines include Caribbean Air, Spirit, Southwest, Delta, American, United, Jet Blue. West Jet and Rouge. Many of the carriers have expanded their airlift such as Spirit, the budget airline. Spirit recently announced a new route from Orlando. This new service will operate three times per week into the tourism hub.

“

We are delighted to see this increase in business for Jamaica”

*Alexandra Baradi*

Alexandra Baradi, Owner and CEO of Exceptional Villas said “We are delighted to see this increase in business for Jamaica” It is truly a stunningly beautiful country with pristine beaches, a great history, authentic culture and many wonderful attractions such as the 7,000 feet high Blue Mountains and verdant rain forests. The Jamaican people are the warmest and friendliest of all the islands

which are the main reason why once a client has visited once, they return year after year.

The other aspect is Montego Bay has never been safer. Local Jamaicans and the Expat community are very happy with the present state of affairs. Montego Bay and its environs are quiet and more peaceful than in the last 15 years. There are reports of people walking to work as they have never done. Tourists are enjoying the benefits of this.

Above all, Jamaica offers better value when you compare it with other Caribbean Islands. All the luxury villas come with staff such as housekeepers, chefs and butlers which ensure that all guests need to do is relax.

Jamaica is not the only country in the Caribbean experiencing growth according to the company who are real experts to the Caribbean. Turks and Caicos, St Barts and The Cayman Islands have also seen growths of between 30 and 40%.
