## Executive Summary

Global Online Home Decor Market valued approximately USD xx billion in 2016 is anticipated to grow with a healthy growth rate of more than xx% over the forecast period 2017-2025. Increasing demand for eco-friendly furnishings, growing popularity of interior designing, and rising demand for multifunctional furniture are the major trends which are estimated to drive the demand for online home decor during the forecast period. Furthermore, rising demand for premium furniture is the key driver estimated to expand the overall online home decor market in the near future. This is due to individuals opting for luxury furniture brands as the buying power is increasing with economic growth, thus increasing the importance of home décor. Number of homeowners has increased significantly in the recent years, especially in emerging economies, thereby spurring a growing interest, among these owners. Additionally, home décor products have gained a high acceptance among home owners who want to renovate the home interior and exteriors. The impact of this factor would increase during the forecast period, thereby consequentially fostering the demand of home décor products, during the forecast period. Real estate industry has witnessed significant market growth worldwide, owing to the increasing disposable income.
