As for consumption, Italy and UK are the mainly consumption regions due to the bigger demand of downstream applications. In 2016, these two regions occupied 97.25% of the Europe consumption volume in total.

Pure Cashmere has different grades, which include white cashmere, cyan cashmere, purple cashmere and others. And the price also differs from grade. With growing demand of pure cashmere, the sales of pure cashmere would increase in the following several years. Meanwhile, the manufacturers engaged in the industry are trying to produce pure cashmere with extraordinary properties.

Pure cashmere is sourced from goat. Over 95% of the cashmere goats are distributed in dry areas, mainly in arid, semiarid and desert area of Tibet. Globally, China, Mongolia, Iran and Afghanistan have become the major cashmere producers and exporters.

We tend to believe this industry is a rising industry, and the consumption increasing degree will show a smooth growth curve. And the price presents fluctuation according to the economy development status and international competition. Also, there is fluctuation in gross margin.
