Description:-

Yoghurt and Sour Milk Products Market Sweden 2022

As in other dairy categories, the vegan trend is also strong in yoghurt. Sour milk is hard to imitate, so in this category, there are still no good vegan substitutes, but in the yoghurt category the expanding supply of vegan yoghurt, such as "soygurt" and "havregurt", speaks for itself. The vegan trend is here and it is here to stay. Over the past few years the supply of products has widened, but it is only in the last one or two years that the vegan trend has started to really show in business.
