PUNE, MAHARASHTRA, INDIA, February 14, 2019 /EINPresswire.com/ -- Summary:
A new market study, titled "Worldwide Beauty Supplements Market Research Report, Analysis, Overview, Trends 2018" has been featured on WiseGuyReports.

Introduction

[Global Beauty Supplements Market](#) to reach USD 7.64 billion by 2025.

Global Beauty Supplements Market valued approximately USD 3.89 billion in 2017 is anticipated to grow with a healthy growth rate of more than 8.80% over the forecast period 2018-2025. Supplements consist of products that are used to enhance, improve, and offer support to any kind of deficiency in the human body. These are usually offered to the consumers in various different forms such as pills, capsules, soft gels, or even in powdered or liquid form. Beauty supplements are the combination of minerals, vitamins, nutritional ingredients, and other bioactive ingredients, which help in enhancing one's external outlook and appearance. Supplements are classified on the basis of type, namely, herbal supplements and natural supplements. Furthermore, supplements can be segmented based on their application such as beauty supplements, dietary supplements, weight control supplements, vitamin supplements, health supplements, energy supplements, weight gain supplements, memory supplements, probiotic supplements, high supplements, and others. Geographically, Asia-Pacific accounted for the highest share in global beauty supplements market and is expected to dominate the market over the forecast period. Japan is the largest market in Asia for beauty supplements closely followed by China and Korea which is fastest growing in Asia owing to rising interest of male population towards beauty supplements. Asia-Pacific is closely followed by Europe with more than 25% share in global beauty supplements market. Western European countries such as France, Germany and U.K among others accounted for major revenue share of more than 20% in global beauty supplements market. Europe beauty supplements market is majorly driven by the rising consumer concerns towards their health and their beauty appearance. Europe is closely followed by the North America owing to high disposable income and rising endorsement by celebrities.

The regional analysis of Global Beauty Supplements Market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. Asia-Pacific accounted for the highest share in global beauty supplements market and is expected to dominate the market over the forecast period. Japan is the largest market in Asia for beauty supplements closely followed by China and Korea which is fastest growing in Asia owing to rising interest of male population towards beauty supplements. Asia-Pacific is closely followed by Europe with more than 25% share in global beauty supplements market. Western European countries such as France, Germany and U.K among others accounted for major revenue share of more than 20% in global beauty supplements market. The objective of the study is to define market sizes of different segments & countries in recent years and to forecast the values to the coming eight years. The report is designed to incorporate

both qualitative and quantitative aspects of the industry within each of the regions and countries involved in the study. Furthermore, the report also caters the detailed information about the crucial aspects such as driving factors & challenges which will define the future growth of the market. Additionally, the report shall also incorporate available opportunities in micro markets for stakeholders to invest along with the detailed analysis of competitive landscape and product offerings of key players. The detailed segments and sub-segment of the market are explained below:

By Application:

- Skin Care
- Healthcare
- Nail Care
- Other

By Distribution Channel:

- Online
- Offline

By Regions:

- North America
 - U.S.
 - Canada
- Europe
 - UK
 - Germany
- Asia Pacific
 - China
 - India
 - Japan
- Latin America
 - Brazil
 - Mexico
- Rest of the World
