Children Bicycle is the special bicycle for 3-12 years old children.

As international economic situation is complicated, in the next few years there will be many uncertainties. Due to economic development and the high sales of Children Bicycle in the international market, the current demand for Children Bicycle product is relatively stable in the mature market, such as North America and Europe, but the demand in Asia-Pacific is relatively higher due to the downstream demand.

Children Bicycle sales have grown from 32789 K Units in 2012 to 37606 K Units by the end of 2016; and the revenue grew from 3079.2 million USD in 2016 to 3258.4 million USD in 2022.

Children Bicycle is mainly manufactured and sold by Accell, Giant and Dorel; and these companies occupied about 22.88% market share in 2016.

Geographically, China is the largest production market in the world, which took about 34.27% of the global production volume in 2016 and share 28.41% of global total consumption volume.

Although sales of Children Bicycle brought a lot of opportunities, the study group recommends the new entrants who just having money but without technical advantage and downstream support, do not to enter into the Children Bicycle field hastily.

The global Children Bicycle market is valued at 3560 million US\$ in 2018 and will reach 3710 million US\$ by the end of 2025, growing at a CAGR of 0.5% during 2019-2025.
