CHARLOTTE, NORTH CAROLINA, US, February 19, 2019 /EINPresswire.com/ -- Charlotte-based maintenance and facilities service company Maintenance Specialists, Inc. (MSI) is expanding its services through a new subsidiary, Carolina Christmas. This new division will bring full-service holiday and Christmas decoration installation to commercial properties in the Charlotte, NC area.

A lot of property owners want to make their places look nice around Christmas, but they don't have the equipment or experience to do it safely. "

Nick Ventry

There's nothing that gets you in the mood for the holiday season quite like twinkling lights. Beautiful displays are seen everywhere from homes to offices and retail spaces.

These decorations help people feel festive, and can drastically improve worker morale while getting shoppers in the buying mood. However, because light installation involves electrical equipment, ladders, and lots of time, it is often too dangerous or difficult to do on your own.

"A lot of property owners want to make their places look nice around Christmas," says Nick Ventry, Managing Director at MSI, "But they don't have the equipment or experience to do it safely. We want to help."

Carolina Christmas specializes in [office decorations](#), [HOA entrance decoration](#), and [decorations for malls and retail centers](#).
