*SMi presents Future Armored Vehicles Active Protection Systems USA*

LONDON, UNITED KINGDOM, February 20, 2019 /EINPresswire.com/ -- SMi reports: [Future Armored Vehicles Active Protection Systems USA](#), the only and first conference of its kind in the world, will take place on the 11th and 12th June 2019 in Arlington, VA

SMi presents Future Armored Vehicles Active Protection Systems USA, taking place on the 11th and 12th June 2019, in Arlington, Virginia USA.

As the only and first conference in the world dedicated to this revolutionary capability, the two-day event will

provide insight into the leading nations Active Protection Systems programs, with unique technical briefings on the best ways to integrate APS and the emerging architectures necessary to support it. Experts will also cover exclusive updates on: The latest modular technology, Hard/soft kill systems, Sensors, Threat data management, Data processing, Countermeasures, Munitions, Layered and integrated protection systems, Architecture service strategies and capability concerns, and much more.

[The 2019 USA event](#) is launching in the wake of two successful UK Future Armored Vehicles Active Protection Systems conferences. These conferences featured industry support from the likes of: Raytheon, Rheinmetall, Israeli Military Industries, Rada, Leonardo, Rafael, UTC Aerospace and many others. They also saw an excellent international reception from militaries and government agencies, with representatives from PEO Ground Combat Systems, the USMC, TARDEC, the British Army, as well as the British, Czech, Norwegian and German Ministries of Defence.

Future Armored Vehicles Active Protection Systems USA 2019

The upcoming 2019 Future Armored Vehicles Active Protection Systems USA conference will feature strong support from leading US programs including, briefs from the Commanding General of RDECOM, the Next Generation Combat Vehicle Cross Functional Team, and senior survivability officers from PEO Ground Combat Systems.
