

Steve Wozniak Announced as Guest Speaker for ETAP Global Conference 2019

Apple Computer Co-Founder, an icon in the world of electrical engineering and computer science will speak at ETAP's premier customer event in Newport Beach, CA

IRVINE, CA, US, February 21, 2019 /EINPresswire.com/ -- ETAP announced today that Steve Wozniak will be the featured guest speaker at this year's ETAP Global Conference.

As a Silicon Valley icon, electrical engineer, computer scientist and philanthropist for more than thirty years, Steve will share his insight into ambitious and pioneering work with Steve Jobs in founding Apple Computer Inc. and how Wozniak's Apple I and II personal computer shaped the world of the way we use computers today. Steve's engaging and inspirational story in the field of computer science and electrical engineering resonates with ETAP's customers and users from across all industries.

Taking place on the 8th-10th of April 2019, in the Marriott Hotel, Newport Beach, California, USA, the [ETAP Global User Conference](#) is the company's premier customer conference.

The event provides a unique opportunity to learn about electrical power system engineering and operation as well as get first hand presentation on new developments at ETAP. Customers wishing to attend the Conference can view the event agenda and register at etap.com/uc19.
