

SMI's Pharma Microbiology West Coast 2019 chair and speakers announced

Pharmaceutical Microbiology West Coast is back after a successful event in 2018. This year the confex is at Hyatt Regency Mission Bay, USA on June 5-6, 2019.

SAN DIEGO, CALIFORNIA, UNITED STATES, February 21, 2019 /EINPresswire.com/ -- SMI's 3rd [Annual Pharmaceutical Microbiology West Coast conference and exhibition](#) is sponsored by: Associates of Cape Cod, bioMérieux, Bioscience International, Charles River, DuPont, FujiFilm and Microbiologics

I am pleased to announce the Chair for the conference [Ms. Ziva Abraham, CEO at Microrite](#), who will be joining us again due to the positive feedback received from past attendees.

Ziva has 25+ years of academic, research, clinical and industrial experience in [microbiology](#) and quality assurance. She received her master's degree in microbiology with a focus on mycology and has conducted research on developing microbial Insecticides using entomogenous bacteria and fungi for her PhD degree. At present she is the CEO and Founder of Microrite, Inc., a California based consulting firm providing consulting and training services to pharmaceuticals, biotechnology, medical devices and in vitro diagnostics in the areas of quality assurance, quality control, microbiology, and validation.

As well as chairing the 2-day conference, Ziva will also be leading one of the two pre-conference workshops on 'Assessing a Holistic Approach to Microbial Contamination Control' details below.

EXPERT MICROBIOLOGY SPEAKERS INCLUDE:

IRVING FORD, Head of CAR T QC Laboratories, Celgene Corporation

Irving has over 28 years of QA/QC experience in pharmaceutical/biotechnology and cell/gene therapies industries.

Currently, Irving is working on a task force for creating an ISO Standard for apheresis collection. Irving is also co-authoring a White Paper for appropriate microbiological controls for ATMPs manufacturing.

Irving will be presenting a keynote session on 'Just in time release of CAR-T Cell therapies' on day one.

FRIEDRICH VON WINTZINGERODE, Senior Manager gASAT Microbiology, Global QC, Roche Diagnostics GmbH

He is Head of Roche-Genentech global Endotoxin Expert Group and Roche-Genentech global
