Description

Hunting apparel is typically: more durable and weather resistant than normal clothing; designed with special features for the field, such as scent-masking fabrics, extra pockets for gear, etc.; fitted to provide more flexibility and unrestricted freedom of movement. Whether people hunt big game, small game, predators or fowl, there's a good chance these need camo hunting clothing designed to keep these concealed and protected from the elements. Having the proper clothing and apparel is just as essential to hunting success as having the right equipment.

Cabela is the United States leading manufacturer in United States Hunting Apparel market with the market share of 21.06% in 2016.

In the past few years, as the main raw material price was reduced, with the increasing in production capacity, expected that the Hunting Apparel raw material price will be stable in the future. However, the improvement of energy, transportation costs, and labor costs, will play a significant role in promoting the cost of Hunting Apparel.
