

# SPURR announces 101VOICE Cloud VoIP Communications is now an Approved Vendor for SPURR Members

SANTA CLARA, CA, UNITED STATES, February 26, 2019 /EINPresswire.com/ -- [IT Management Corporation](#) dba [101VOICE](#) announced today [SPURR](#) has named 101VOICE Managed Cloud VoIP Communications services an approved vendor for all SPURR members throughout California. After successfully completing the rigorous evaluation process of an RFP issued by SPURR, the School Project for Utility Rate Reduction, 101VOICE was chosen as a select, highly qualified vendor to offer SPURR members Managed Cloud VoIP services, rich in features and functions, under a structured, Master Service Agreement that is extremely competitive and defensible to meet education purchasing requirements. SPURR is a California non-profit technology consortium and one of the

largest group purchasing programs for K-12 education organizations in the state, and includes other non-profit and public sector entities in its membership.

"The advantages of 101VOICE services through SPURR are many, including our extensive and proven experience with the special needs of schools and school districts. This specifically includes budgetary requirements, without compromise or shortcuts in the quality and reliability of our services," said Arman Eghbali, 101VOICE's President. "Schools, school districts, and universities can avoid going through the costly and time-consuming process of RFPs and bidding programs to change and upgrade communications systems to Managed Cloud VoIP, saving schools time, cost, and valuable resources," said Eghbali.

"The 101VOICE Managed Cloud VoIP Communication System provides SPURR member customers a hosted telephony solution without the burden of additional or

unexpected expenses for extended maintenance, software upgrades, or additional equipment," said Ramin Movahedi, VP Business Development, 101VOICE. "We also offer SIP trunk services for on-premise VoIP PBX installations. In addition to all the traditional hosted and Centrex features, 101VOICE offers unique feature enhancements such as AVA/Advance Voice Attendant, Management and User Dashboard, and automated support ticket tracking, reporting, and visibility. 911Alert will automatically notify designated staff and devices of emergency calls in progress via text, email, or announcement, and provide notification when a 911 call has been

completed along with station information," said Ramin. "Safety and security, especially for schools and education campuses, is a key focus with our services, in addition to providing the most current, most reliable, and highest quality service in the industry."

"We are very pleased to add 101VOICE to our list of approved vendors for Managed Cloud VoIP Services," said Michael Rochman, SPURR Managing Director. "Our organization has very demanding requirements on behalf of our growing membership, and 101VOICE has shown our evaluation team and Board members the kind of responsiveness, attention to detail, and professionalism that we expect for SPURR and for our membership."

#### About SPURR

SPURR is a Joint Powers Authority duly formed and existing under the California Joint Exercise of Powers Act. SPURR was formed to seek reduction and control of utility rates on behalf of its members. SPURR membership is open to all California K-12 school districts, county offices of education, and community college districts. SPURR is governed by a Board of Directors who are management level employees of member organizations. SPURR, with over 240 member organizations, aggregates purchasing power and expertise from thousands of public agency facilities across the state of California. SPURR programs include telecommunications procurement, natural gas, and electricity procurement, LED procurement, utilities data management and conservation.
