

# Waite Enterprise CEO Daniel Waite Recounts Growth as Company Moves Closer to Corporate Vision and Objectives

*Daniel Waite, CEO, Uses Blueprint of Past Growth as Guide to Future IPO*

DALLAS, TX, USA, February 28, 2019 /EINPresswire.com/ -- [Daniel Waite](#) is excited about the future of Waite Enterprise and why shouldn't he be? In the past few months the company has announced the addition of two new companies. First Ameriprint, LLC, a Texas based printing company was announced, and then CBD Organix, a company releasing a therapeutic non-narcotic cannabinoid topical cream that successfully treats pain and inflammation from various ailments was added to the ever growing roster. The diverse holding company, with a philosophy that offsets business profits with strategic investments and additional corporate developments, has grown tremendously in the past year. Next year he believes will be even stronger!

"We simply have had a great year and a half and the next few years look even better." Waite recently explained. "We have negotiations to expand trade on some of our proprietary medical devices into Mexico and Asia in the coming year, we are filling sales orders, generating revenue, creating jobs at home and rolling profits into long term, leveraged investments. For example, we generate enough contracts and business and paperwork, we buy a printing company. We have a lot of work to do and have made a great, fast start. The future is going to make this pale by comparison though. Our strong leadership team, from Miles Clark at Clinical Based Research to Trevor Vick at [AmeriConstruction](#), are focused on the end goal of building a comprehensive, fully integrated consortium. One Corporation that draws from diverse sectors to generate revenue, pool resources, cut waste, and foster growth."

In the past year the company has opened a new corporate headquarters in Addison, TX, has added several new subsidiaries, and even ended the year sponsoring a successful Josh Abbott Band Veteran's Day Fundraiser on November 10th in Texas. The concert was organized to help Veterans in commemoration of Veteran's Day. But it may well be that the coming year looks to be even brighter.

#### About Waite Enterprise:
