Mike Wood and Mandy Alonso are also expanding the Wildwood RV Village Campground! Originally built in the early 1970's as a KOA, Wildwood RV Village was purchased in October 2017 by local, experienced campground owner-developers because of its premium location near The Villages and the intersection of four major US and State Highways.

Mike states " I started out with just 108 spaces, phase one began as an expansion and major renovation project and was completed December 2018 with 27 spaces added, bringing the total to 135. Building upon the 'Old Wild West' theme of the Wildwood area, no detail was spared as the transformation of the office, recreation halls & facilities. It's truly a one of a kind location.

Phase two is set to break ground in Spring 2019 as a 200 plus site expansion on the north side, adding larger and more modern spaces, additional outdoor recreational areas and amenities and a second convenient access in an out of the park. Phase three will begin in Spring 2020, adding up to another 100 sites to the east of the original park. Building on the successes of the previous multiphase developments, additional land to the north and/or east will be acquired, making Wildwood RV Village one of the newest, most modern and convenient RV Resort locations in Central Florida, boasting over 600 sites in one of the fastest growing and sought out areas in the country “.
