The NEW Santee 2C4 Pro-Fusion professional saxophones are a dramatic leap forward in saxophone design. Its responsiveness and dynamic range is like nothing you've ever experienced. The aesthetics of these beautiful handmade instruments are unique and absolutely stunning. The list of professional features is nearly endless.

Instruments are available in three different finishes: Silver plate with black nickel-plated keys, black nickel plate with rose gold anodized keys and our Vintage finish which has black nickel plated keywork. All of our finishes have a final coating of clear lacquer.
