

ISBG Completes Another Besado Production Run and CBD Sales Are Still Skyrocketing

MIAMI LAKES, FLORIDA, UNITED STATES, March 8, 2019

/EINPresswire.com/ --

UndergroundStocks.com, an elite wall street independent small cap media group with a history of bringing lucrative opportunities, updates on International Spirits & Beverage Group, Inc. (OTC:ISBG).

Besado Tequila

Besado is a premium tequila prestigiously blended with exotic herbs and flavors with a limited yearly production in small batches. Only the finest blue agave tequila is distilled three times and blended with our proprietary herbal infusion of Ginseng, Damiana, and Maca for an incredibly smooth and refined taste. Each bottle is handcrafted, delicately filled and inspected for shape, beauty, quality and volume.

The company tweeted on March 6, 2019 that they were running another production run of the famous Besado tequila. The big takeaway from this news tweeted by the company is that they are selling their famous Besado tequila rapidly.

CBD Sales Skyrocketing

ISBG is currently selling its line of CBD products through their www.buyp19.com web site. The company tweeted a major update "CBD P19 Gummies and CBD Pain Cream exceeding sales expectations." ISBG CBD products seem to be selling at a fast pace as per company. If sales continue to explode just like the Besado tequila, we can expect the company to also have another production run on their CBD P19 line of products.

“

Buy, hold and don't watch too closely”

Warren Buffett

You don't have to be a scientist to know that if the company is running multiple production runs on their products that will only mean that their revenues are exploding. It will also mean that their PPS will show stock appreciation.
