

Nationally Acclaimed Tulsa Dental Laboratory Is Set to Host World Renowned Speakers at Forthcoming Seminars

Dr. David Wong is a published Author appearing on Fox News and in the Wall Street Journal. His expertise is periodontal plastic surgery.

TULSA, OK, UNITED STATES, March 8, 2019 /EINPresswire.com/ -- Tuesday, March 26th, 2019

Guest Speakers. Dr. David Wong is a published Author and has appeared on both Fox News and in the Wall Street Journal. His specialist area of expertise resides in periodontal plastic surgery; he teaches other dental professionals and lectures both nationally and internationally on the latest in surgical innovations and techniques.

On Tuesday, March 26th, at the Iron Star in Oklahoma City, IDA is hosting Dr. Wong for a specialist seminar that will address the topic of the latest innovations and treatment options available for the treatment of Gingival Recession; a condition that is estimated to affect at least 20 million people over the age of 29 in the U.S alone. The number of people who experience problems with receding gums is increasing exponentially, and this is one of the core reasons that IDA has taken steps to invite an internationally renowned lecturer to run this session.

Dental professionals in attendance will be treated to an exciting seminar that covers a very pertinent subject along with information about the latest innovations in this particular area of dentistry. Dinner and CE Credits are also provided to guests.

“

Lance has always stressed commitment to excellence & customer satisfaction. If you're looking for quality craftsmanship, superior knowledge, & unsurpassed customer service, look no further.”

Dr. Gary Kuenning

Friday, April 5th, 2019

James C. Kessler, B.S., D.D.S.
Dr. Jim Kessler is a 1977 graduate of the University of Oklahoma College of Dentistry. Jim spent 20 years in private practice in Tulsa, Oklahoma and eighteen years in full time dental education. During his years in education he taught at the Medical University of South Carolina, the University of Oklahoma, and served as the Chairman of the Department of Education at the Pankey Institute for Advanced Dental Education in Key Biscayne, Florida. In September 2012 Jim returned to the University of Oklahoma to direct the newly established Advanced Esthetics and Technologies Program. Jim was honored as the 1987 and 2011 Alumnus of the Year for the University of Oklahoma College of Dentistry and is a Past-President of the American Academy of Restorative Dentistry. Upon his retirement from full time dental education, he established a one-person dental laboratory near his home in Colorado. When he is not teaching he works as the only technician in this lab. He has published many articles, as well as contributions to four textbooks including the most recent fourth addition of Skillingburg's Fundamental of Fixed Prosthodontics. Jim enjoys producing technical illustrations and he creates all of the illustrations utilized in his presentations. He is an active lecturer for both Dentists and Dental Laboratory Technician groups and has presented over 500 lectures throughout the United States as well as Canada, Europe and Asia.

Mike Archibald
Mike started his education in 1992 under John F. Archibald of Archibald and Associates Laboratory and International School. In 1995 he graduated and became a certified instructor at AA Laboratory and found his passion for the art and education of cosmetic dentistry. He completed the full IVI program in 2002. Mike owned and operated Mike Archibald Dental Studio for 13 years. He has lectured throughout the USA and internationally and holds a deep respect for the value of education and teamwork. Mike brings his passion and incomparable skills to IDA with our new Masters line. Created specifically for patients with uncompromised attention to detail, Masters craftsmanship in intricate dental aesthetics at its finest.
