The sleep disorder market is primarily driven by the increasing number individual population suffering from various mental disorders, and rising awareness for the treatment of sleep disorders in the coming years. Furthermore, the changing life style of the people, and rising preference to the sedentary life style to also support the market growth in the coming years. Additionally, changing working culture, increasing geriatric population, and lack of quality sleep to also boost the market growth during the forecast period.

On the other side, increasing morbidity due to sleep disorder has increased the healthcare cost, and related side effects of the drugs, and increasing patent expiries that are used in treating sleep disorders which would impede the market growth during the forecast period. The treatment for include medication, better sleeping habits, and devices. Medicines such as, Hetlioz (tasimelteon) by Vanda Pharmaceuticals, Intermezzo (zolpidem tartrate sublingual tablet) by Transcept Pharmaceuticals, and Silenor (doxepin) by Somaxon Pharma are some of the FDA approved drugs that are observed to be beneficial during the treatment of sleep disorders.

The industry is segmented on the basis of disorder type, device, treatment, and geography. Based on disorder type, the market is bifurcated into sleep apnea, sleep breathing disorders, insomnia, hypersomnia, circadian rhythm disorders, parasomnia, and sleep movement disorders. on the basis of devices, the market is segmented into sleep apnea devices, sleep laboratories, and mattresses & pillows. By Treatment, the market is further bifurcated as psychiatric treatment, behavioral treatment, cognitive behavioral therapy, and medication

therapy.

The market for sleep disorder in North America generated the highest revenue in 2017, and is expected to be the leading region globally during the forecast period. High number of patient population suffering the sleeping disorders is the primary factor accountable for the highest market growth. According to the US Department of Health and Human Services reports, approximately 20% Americans are suffering from sleep disorder. Thus, increasing demand for early treatments along with increasing patient pool, and growing patient awareness for proper diagnosis methods are factors boosting the growth in North America.

Asia Pacific is estimated to be the fastest growing region in terms of revenue. Growing awareness about sleep disorders and developing healthcare infrastructure are some of the factors that are projected to generate lucrative opportunities for the market in APAC.

The major key players operating in the Sleep Disorder industry include GlaxoSmithKline plc, Becton Dickson and Company, Cardinal Health, Natus Medical Incorporated Takeda Pharmaceutical Company Limited, Koninklijke Philips N.V., and Teva Pharmaceutical Industries Ltd. These companies launch new products and collaborate with other market leaders to innovate and launch new products to meet the increasing needs and requirements of consumers.

The global sleep disorders market on the basis of disorder, devices, treatment and region:

- Insomnia
- Hypersomnia
- Insufficient Sleep Syndrome
- Narcolepsy
- Sleep Apnea
- Sleep Breathing Disorders
- Circadian Rhythm Disorders
- Parasomnia
- Sleep Eating Disorder
- Sleep Terror
- REM Sleep Behavior Disorder
- Others
- Sleep Movement Disorders
- Restless Leg Syndrome
- Sleep Leg Cramps

Sleep Disorder Devices Outlook (Revenue, USD Million, 2015 – 2026)

- Sleep Apnea Devices
- Sleep Laboratories
- Mattresses & Pillows

Sleep Disorder Treatment Outlook (Revenue, USD Million, 2015 – 2026)

- Psychiatric Treatment
- Behavioral Treatment
- Cognitive Behavioral Therapy
- Medication Therapy
- Prescription Drugs
- OTC Drugs
- Herbal Drugs

.....

## Table Of Contents – Major Key Points

### 1. Overview and Scope

- 1.1. Research goal & scope
- 1.2. Research assumptions
- 1.3. Research Methodology
  - 1.3.1. Primary data sources
  - 1.3.2. Secondary data sources
- 1.4. Key take-away
- 1.5. Stakeholders

### 2. Executive Summary

- 2.1. Market Definition
- 2.2. Market Segmentation

### 3. Sleep Disorder Market Insights

- 3.1. Sleep Disorder – Industry snapshot
- 3.2. Sleep Disorder - Ecosystem analysis
- 3.3. Sleep Disorder Market Dynamics
  - 3.3.1. Sleep Disorder – Market Forces
    - 3.3.1.1. Sleep Disorder Market Driver Analysis
    - 3.3.1.2. Sleep Disorder Market Restraint/Challenges analysis
    - 3.3.1.3. Sleep Disorder Market Opportunity Analysis
- 3.4. Industry analysis - Porter's five force
  - 3.4.1. Bargaining power of supplier
  - 3.4.2. Bargaining power of buyer
  - 3.4.3. Threat of substitute
  - 3.4.4. Threat of new entrant
  - 3.4.5. Degree of competition
- 3.5. Sleep Disorder Market PEST Analysis
- 3.6. Sleep Disorder Market Value Chain Analysis
- 3.7. Sleep Disorder Industry Trends
- 3.8. Competitive Ranking Analysis, 2017

### 4. Sleep Disorder Market Size and Forecast by Disorder, 2018-2026

- 4.1. Key Findings
- 4.2. Insomnia
- 4.3. Hypersomnia
  - 4.3.1. Insufficient Sleep Syndrome
  - 4.3.2. Narcolepsy
- 4.4. Sleep Apnea
- 4.5. Sleep Breathing Disorders
- 4.6. Circadian Rhythm Disorders
- 4.7. Parasomnia
  - 4.7.1. Sleep Eating Disorder
  - 4.7.2. Sleep Terror
  - 4.7.3. REM Sleep Behavior Disorder
- 4.8. Sleep Movement Disorders
  - 4.8.1. Restless Leg Syndrome
  - 4.8.2. Sleep Leg Cramps
