## SEGMENTATION OF GLOBAL COSMETIC SURGERY MARKET:

The cosmetic surgery market is majorly classified into surgical and nonsurgical. the surgical segment is further classified into breast augmentation, liposuction, tummy tuck, eyelid surgery (blepharoplasty), and breast lift, while the Nonsurgical segment is divided into botulinum toxin, dermal fillers, laser hair removal, chemical peels, photo rejuvenation, and microdermabrasion. Of these two major segments, nonsurgical is expected to grow at a higher CAGR when compared to the other one. Increasing awareness among the people and the lower cost when compared to the other procedures are favoring this segment to lead the market.

## CHARACTERISTICS OF REGIONAL COSMETIC SURGERY MARKETS:

The report segments the geographies by regions, which include North America, South America, Europe, Asia Pacific and RoW.

North America is leading the global market with a cosmetic surgery market share of about 45%. The high popularity of noninvasive aesthetic procedures, growing the aged population, increasing expenditure on cosmetic procedures etc., are helping this region to lead the market. Developing healthcare infrastructure, affordable treatments, growing demand for cosmetical surgeries, especially in Japan, South Korea, India, and China are favoring the Asia Pacific region for a steady growth in the cosmetic surgery market.

## FEATURES OF THIS REPORT:

The report covers the factors impacting the market, Porter 5 Forces, Market Share Analysis, Price trend analysis, Product Benchmarking, and company profiles.

The report profiles the following companies, which occupy a major part of the global cosmetic surgery market share, including Allergan, Merz Pharma, Cutera, Ipsen Pharmaceuticals, Cynosure, Inc., Sientra Inc., Alma Lasers, and Johnson & Johnson.
