

Household Furniture Market Global Size, Forecast To 2023, Geographies, Opportunities, Strategies.

LONDON, GREATER LONDON, UK, March 14, 2019 /EINPresswire.com/ -- China's [household furniture market](#) will add \$40.6 billion annually by 2023, while the USA's household furniture market will add \$18.4 billion. To take advantage of these opportunities, household furniture manufacturers should consider strategies such as a focus on ready-to-assemble furniture manufacturing, using virtual

prototyping tools to accelerate the design process and launching eco-friendly furniture to cater to the rising demand for furniture products produced from sustainable environmentally-friendly practices.
