

Novel Coworking debuts new coworking space in Phoenix

CHICAGO, IL, UNITED STATES, March 18, 2019 /EINPresswire.com/ -- Workspace provider [Novel Coworking](#) is debuting private offices, office suites, and coworking space at its new Midtown Phoenix location. The company acquired the 2828 N. Central Ave. building in September and has renovated it into state-of-the-art workspace for one to 500-person companies. Novel Coworking will host a Grand Opening Party that is open to the public on April 11 from 4pm to 7pm; attendees can RSVP [here](#).

"We are excited to support Phoenix's entrepreneurial community with beautiful, affordable space to grow their businesses," said Bill Bennett, Founder of Novel Coworking. "We have seen huge demand for flexible, customizable workspace from small to mid-sized businesses, as well as enterprise companies."

Built in 1985, the 104,016-square-foot building is 14 floors high and includes an on-site parking garage. By purchasing the buildings where it operates, Novel Coworking is able to invest in infrastructure improvements including fiber internet and custom-built suites for 10 to 500-person teams, all while keeping rents 30-50% lower than competitors.

"When I started my first business in 2007 and began my office space hunt, I was turned down by numerous brokers because I wasn't looking for a three to five-year lease," Bennett said. "I didn't know yet whether I was going to have one employee or 100, and I didn't want to start a construction project or make a long-term commitment."

Fast forward ten years, and Bennett now runs a business that supports companies of all sizes with the flexibility and room to scale up and grow on their terms. With pricing starting at \$129 a month for coworking memberships and starting at \$475 a month for private offices, Novel Coworking provides small businesses and entrepreneurs with high-caliber amenities that are typically only available to large companies.

About Novel Coworking

Novel Coworking provides fully-furnished, technology-equipped, and affordable workspace to small businesses, entrepreneurs, and enterprise companies.
