The demand for Villa and apartment rentals are increasing each year substantially. The advantages of staying in a luxury home over a hotel are quite considerable especially for larger groups and people who want to stay for more than 2 or 3 nights. More and more people realise all the great benefits. The benefits include more space, better value, more flexibility, greater privacy and a much more experiential and cultural experience in the destination. When vacation rentals have access to hotel and resort-like facilities as is the case with Villa F Venice, the advantages are particularly marked.
