*Now an Official Number 1 Amazon Bestseller!*

NEW YORK, USA, March 25, 2019  
/EINPresswire.com/ -- Novel Summary

Through the bustling streets of New York City of 1982, a woman whose history placed her as the most popular singer in the world now wanders the city alone, largely forgotten and in the grip of a deadly scourge. Another woman in her younger years, a sometime D.J., sees musical apartheid everywhere she turns. A NYC cop tries to rekindle an old music memory. At the story’s crux we see pop music and the parallel of its characters’ lives as they connect and collide throughout their musical paths; or moreso their attempt to rekindle them.
