Also, Exceptional Villas have undertaken some in-depth research to determine the most popular islands for 2019 which are:

Barbados. The island of Barbados is unique in that it offers a great balance between culture and sophistication. It has some of the Caribbean regions most luxurious vacation rentals and also some of the best beachfront restaurants. Barbados is also the island that is least likely to be affected by hurricanes and therefore is popular year around.

The islands of Turks and Caicos are gaining popularity all the time for two reasons. Its beaches are without a doubt some of the best in the world. Grace Bay on Providenciales is consistently ranked as the world's best beach. Turks and Caicos also have some of the world's best and most luxurious beachfront villas.

St Barts is very much in fashion at the moment. Fans of the islands which were not able to travel

post-hurricane Irma are back, and the demand for the island is unprecedented. This tiny Caribbean island offers incredible beauty, gorgeous beaches and some of the best restaurants in the Caribbean. For its tiny size, it has some of the best and most luxurious vacation rentals in the world.

Jamaica is another island experiencing a huge surge in popularity. The island has never been safer. Jamaica has a great Caribbean Culture which is very appealing, but it also is widely known for its wonderfully warm and friendly people. Jamaica experiences more repeat business than any other island. Exceptional Villas recognize that this is because of the personal experience that clients enjoy when they visit.
