*The global jigs and fixtures and dies manufacturing market reached a value of nearly \$56.8 billion in 2018*

LONDON, GREATER LONDON, UK, March 27, 2019 /EINPresswire.com/ --

The global jigs and fixtures and dies manufacturing market reached a value of nearly \$56.8 billion in 2018, having grown at a rate of 8.6% from 2014, and is expected to grow at a rate of 9.3% to

nearly \$88.8 billion by 2023. The stamping and other tools segment accounted for the largest share of the die set, jig and fixture manufacturing market in 2018, mainly due to the higher price of these tools compared with dies and jigs and fixtures.

Asia-Pacific was the largest region in the jigs, [tool and die manufacturing](#) market in 2018, accounting for 45.6% of the global market. It was followed by North America and Western Europe. Going forward, the fastest growth in the dies, jigs and other tools manufacturing market will take place in Asia-Pacific where it is forecast to grow at a rate of 12.1%, followed by Eastern Europe where growth at a rate of 11.7% is expected. China is the largest country in terms of value in the dies, jigs and other tools manufacturing market. China and India are forecast to have the fastest growth, growing at rates of 13.1% and 12.1% respectively.
