CARS Cooperative Partners with asTech® to Offer Vehicle Diagnostic and Calibration Services to its Members

March 26, 2019: CARS Cooperative today announced it has

partnered with Repairify, Inc., the makers of the patented asTech® diagnostic device offering vehicle diagnostic and calibration services to its more than 700 locations in the United States.

Through this preferred partnership, CARS Cooperative members will be able to offer customers and insurance partners vehicle electronics diagnostic and calibration services for pre-repair and post-repair conditions. asTech's diagnostic, calibration solutions and technical support team of ASE Certified and OEM trained technicians.

"At asTech®, we protect people's lives by ensuring proper repair of automotive electronic systems," said Frank Terlep Senior Vice President, Global Innovation. Terlep added, "By partnering with asTech®, CARS Coop members will get access to the latest tools, technologies, and techniques required to properly diagnose and repair today's and tomorrow's ADAS equipped vehicles."

"Vehicle technology is becoming more advanced, as this happens repair processes do the same...We want our members to have access to the proper technology and tools needed to deliver the highest quality vehicle repairs and meet the standards of their insurance partners.", said Matt Boyles Ph.D., CARS Executive Director.

## About asTech®

Founded in 2010, asTech® is a leading provider of vehicle diagnostic repair solutions to the collision repair industry. The Company provides remote and in-shop automotive electronic services using its patented asTech® device, performed by ASE-Certified Technicians using only OEM factory tools. The Company also offers Mobile level two diagnostic and Calibration repair services in select metropolitan markets. asTech® provides real-time repair assistance to over 5,000 repair facilities and shop technicians worldwide.
