“

It is important that parents get educated and get the facts, so they can talk to their kids about drugs.”

Julieta Santagostino, President of the FDFW FL Chapter

Per a study done by Colombia University, seven out of ten teenagers have been offered an illegal drug. However, per the National Institute on Drug Abuse, teens whose parents talk to them about drugs are 42% less likely to use drugs.

“It is important that parents get educated and get the facts, so they can talk to their kids about drugs,” said Julieta Santagostino the President of the FDFW Florida chapter.

The events are always free, and refreshments are served. Youth are encouraged to attend, along with their parents. Contact the FDFW center to RSVP at 727-467-6962 or email info.fl@drugfreeworld.org.
