DENVER, COLORADO, USA, April 4, 2019 /EINPresswire.com/ -- [ENAVATE](#), a leading Microsoft Dynamics 365 provider, has announced that they have extended their contract with [SD Worx](#), the leading European player in Payroll and HR.

The two-year agreement builds upon the success of the ongoing collaboration between ENAVATE and SD Worx. The relationship began in 2016, when payroll and human relations solutions provider SD Worx realized it needed to upgrade the software solution it was using then. Working with SD Worx in multiple locations, the ENAVATE team developed a payroll solution built in Microsoft Dynamics 365 to accommodate the specific payroll needs of the customers of SD Worx. ENAVATE partnered closely with SD Worx to successfully roll out the solution to their customers.
