

Arecont Vision Costar SurroundVideo Omni SX Receives Industry Award at ISC West

New AV Costar omnidirectional multi-sensor camera named 2019 Govies winner at security conference

LAS VEGAS, NV, USA, April 10, 2019 /EINPresswire.com/ -- [Arecont Vision Costar](#), the leader in network-based video surveillance solutions, has received a 2019 Government Security Award (a "Govie") for a new advanced camera model at the ISC West security conference and exposition. The SurroundVideo® Omni SX will be among several new camera models demonstrated in the [Costar Technologies, Inc.](#) booth (#8045), Sands Convention Center, Las Vegas, Nevada, from April 10th through the 12th.

AV Costar SurroundVideo Omni SX wins 2019 Govie Award at ISC West

“

We're very pleased to receive this important industry recognition for our newest SurroundVideo Omni series, the SX. SX brings enhanced image quality & increased product reliability.”

Brad Donaldson, VP, Product Development

“We're very pleased to receive this important industry recognition for our newest SurroundVideo Omni series,” stated Brad Donaldson, Vice President, Product Development. “The Omni SX brings both enhanced image quality and increased product reliability to meet the needs of our customers across multiple challenging surveillance environments.”

The compact, low-profile SurroundVideo Omni SX is the newest member of the proven family of omni-directional, adjustable view dome surveillance cameras that the company pioneered for the security industry beginning in 2014. The new multi-sensor camera series builds upon the

global success of the Omni G2 in offering both 12 and 20MP models. Each feature True Day/Night capabilities for indoor/outdoor usage, including Advanced Wide Dynamic Range (WDR) for varied lighting conditions and NightView™ technology for strong low-light performance. Built-in SNAPstream™ technology reduces bandwidth without sacrificing image

quality. The 4-sensor, user-configurable Omni SX camera series features the customer's choice of remote focus lens options ranging from 2.1 to 16mm.

An independent panel of judges from the security industry selected the top entries in the 2019 competition sponsored by 1105 Media. The Omni SX and other award recipients were named across multiple categories using criteria that included Features, Innovation, User Friendliness, Interoperability, Quality, Design, Market Opportunity, Impact in the Security Industry, Technical Advances, and Scalability.

Visit the Costar Technologies, Inc. booth (#8045) at ISC West to see this exciting new addition to the Arecont Vision Costar [Total Video Solution™](#), plus other new cameras and technology demonstrations. CohuHD Costar and Costar Video Systems will also be displaying new products and will join with Arecont Vision Costar team members in answering any questions attendees may have.

###

ABOUT ARECONT VISION COSTAR

Arecont Vision Costar, LLC, a Costar Technologies, Inc. company (OTC Markets Group: CSTI), is the leading US-based manufacturer of high-performance IP cameras and video surveillance solutions.
