

Grady Health System Partners with Quality Reviews

Health system engages Quality Reviews to lead patient feedback and service recovery efforts

ATLANTA, GA, USA, April 9, 2019 /EINPresswire.com/ -- [Grady Health System](#), one of the largest safety net health systems in the United States, today announced a new partnership with [Quality Reviews](#), the leading company that helps healthcare provider organizations capture and analyze real-time patient feedback to facilitate service recovery. Grady is the first in Georgia to offer patients the opportunity to share feedback within minutes to hours of an episode of care with Quality Reviews.

Quality Reviews will provide Grady with the tools it needs to identify problem areas quickly and respond to patient feedback immediately. Quality Reviews helps hospitals and health systems of all sizes deliver the best possible patient experience across all clinical service lines in both inpatient and outpatient settings.

Since its founding in 1892, Grady has been focused on delivering the highest quality care to all. Now, with real time feedback, Grady can further enhance its promise to deliver the best care with the best experience.

"Quality Reviews' solutions will help us proactively address patient feedback and improve health in our community," said Lindsay Caulfield, Grady's Chief Marketing and Experience Officer. "We see Quality Reviews as a compelling resource for truly listening to patients and acting on their feedback in real time," Ms. Caulfield added. "Together, we will work to radically change the healthcare experience."

Quality Reviews is a New York City-based company that launched Q-ReviewsSM and Q-RoundingSM "to give patients a voice and health care institutions an ear to listen carefully and make faster, more effective care delivery decisions," said Edward Shin, MD, Chief Executive Officer of Quality Reviews. "We look forward to helping the Grady team better serve their patients. Making this happen involves developing a culture of care that keeps the patient at the center of the healthcare equation."
