

Ezepostit.com Launches EZE-Tech, a new Mobile App Where Technicians Provide IT services on Demand

New app provides real time access to technicians

GATINEAU, QUEBEC, CANADA, April 12, 2019 /EINPresswire.com/ -- OTTAWA/Gatineau, – (April 11, 2019) – Ezepostit.com, an Ottawa/Gatineau based IT Company that provides IT support on demand, will launch its dynamic new mobile application Eze-Tech Soon. The app is aimed at providing companies with easy and quick access to experienced computer technicians. These technicians are available around the clock to help solve technical problems that might arise in businesses and with residential consumers.

How it works:

- The end user runs a wizard on the app screen and based on the customer selection the app automatically selects the technicians that match the job description profile
- The app automatically notifies the technician about any incoming job and technician has 120 seconds to accept or reject the job

The app offers a variety of services, including:

- Windows Install, repair
- Windows Servers Software, Hardware
- Desktop, laptop repair
- MacBook
- Computer network
- Printers
- Viruses, etc.

“With today’s heavy reliance on technology it’s imperative that our devices work to the best of their ability, especially in a professional setting. But this is not always the case, as many of us can attest to,” says Georges Kozah, President, Ezepostit.com Inc. “The IT industry has been slow to recognize the inconvenience that consumers must face when these devices don’t meet their needs. That’s where Eze-Tech’s app comes in. Now the ability to solve IT problems is right at your fingertips!”

ABOUT Ezepostit.com

Operating in the National Capital Region in Ottawa, The Company will help small to medium sized businesses, as well as individuals with home computing. Eze-Tech provides the technical expertise to allow customers to focus on their core business and reap the benefits of effective IT services and solutions.

ABOUT EZE-Tech

EZE-Tech is a new mobile app aimed at providing companies with easy and quick access to experienced computer technicians.
