

# Dr. Beata Grochowska All Set to Open Her New Practice for Regenerative Medicine

*Dr. Grochowska has announced that she is all set to open her new practice for regenerative medicine on May 30th 2019.*

BUCKHEAD, GEORGIA, UNITED STATES, May 1, 2019 /EINPresswire.com/ -- Dr. Beata [Grochowska](#) has announced that she is ready to open her new [regenerative medicine](#) practice. The new center will serve Georgia residents in the Atlanta and Buckhead area. Dr. Grochowska's center aims to offer upstanding healthcare experiences to those who have chosen regenerative therapies to relieve conditions like ED., Peyronie's disease and thereby enjoy better [sexual wellness](#).

One of the key spokespeople for Regenerative Medicine of Buckhead was quoted as saying, "We understand that there are a lot of men and women who want to improve their sexual wellness. They do not know the right ways to bring change. We strive to offer exactly that so that patients at large can benefit from it."

Further, the center also uses regenerative medicine treatments to

address common issues from menopause to lack of sex drive. Dr. Grochowska and her staff make use of Smart Wave technology, a method that has earned its usefulness in eliminating stretch marks and reducing cellulite, among other cosmetic and health-related benefits.

The objective at Regenerative Medicine of Buckhead is not merely to treat the symptoms, but to make sure that the well-being of the patient is thoroughly improved as well. With regenerative medicine's state-of-the-art solutions, Dr. Beata Grochowska has yielded groundbreaking results.

Those who are experiencing difficulties in their sex life, or want reach their body image goals should make it a priority to visit

<https://regenerativemedicineofbuckhead.com/> and explore the different aspects of regenerative medicine that Dr. Grochowska's practice has to offer.

“

We understand that there are a lot of men and women who want to improve their sexual wellness. We strive to offer exactly that, so that patients at large can benefit from it starting on May 30th!"

*Dr. Beata K. Grochowska, MD*
