

The Global Amusement Park Market Driver, Restraints, Market Overview And Key Players

The Business Research Company adds Amusement Park Market By Type (Theme Parks, Water Parks, Arcades And Parlors, And Others) Trends And Market Size report.

LONDON, GREATER LONDON, UNITED KINGDOM, April 29, 2019 /EINPresswire.com/ -- The market for amusement park reached a value of nearly \$57 billion in 2017, having grown at an annual growth rate of more than 7% during the historic period. It will grow at an annual growth rate of nearly 9% to above \$75 billion by 2022.

Growth in the historic period resulted from increasing disposable incomes, increased leisure time and economic growth. Going forward, government initiatives and technological development will drive growth. Factors that negatively affected growth in the historic period were harsh weather conditions and increasing costs. Factors that could hinder the growth of this market in the future are unfavorable demographic changes and increasing prices.

The [amusement park market](#) consists of sales of amusement park entertainments and related goods by entities (organizations, sole traders and partnerships) that operate amusement park. This market includes sales of entry fees, ticket sales of rides, games, food and beverages and merchandise goods. However, this market excludes sales of exclusive restaurants such as fast food chains operating within the amusement park. Amusement and theme park companies operate mechanical rides, water rides, water games (includes both spectator sports and crowd engagement games), events, games, shows, themed exhibits, refreshment stands and other visitor attractions for entertainment.
