

TE Connectivity Announced zSFP+ 1x3 Cage Assemblies

TE Connectivity has launched a new 1x3 zSFP+ cage assembly

SHATIN , NT, NEW TERRITORIES, 香港, May 2, 2019 /EINPresswire.com/ -- TE Connectivity (TE), a world leader in connectivity and sensors, has launched a new 1x3 zSFP+ cage assembly that offers a new configuration for high-speed applications and is being adopted by key industry players for their 5G wireless platforms to address the design challenges of configuration upgrades.

The new 1x3 cage assembly expands TE's zSFP+ product portfolio which provides a wide variety of configurations including single high cages (1xN) and stacked (2xN) assemblies to address various design needs. zSFP+ products offer a scalable interface to easily upgrade from 28 Gbps to 56 Gbps data rates and are backward compatible to replace the 10G SFP+ products in the market.

As an authorized distributor for TE Connectivity, Heilind Asia provides TE's products and also value added services. Heilind Asia supports both original equipment and contract manufacturers in all market segments of the electronics industry, stocking products from the industry's leading manufacturers in 25 component categories, with a particular focus on interconnect, electromechanical, fastener/hardware and sensor products.
