

Dedicated Developers Aces Its Open Ratings Report With an Overall Performance Score of 97

That Result Puts It in the Top Quintile for Web and Mobile App Development Companies in the Country

ALPHARETTA, GA - GEORGIA, UNITED STATES, May 2, 2019 / EINPresswire.com/ -- Dedicated Developers (Scientific Business Solutions, LLC) is among the very best computer programming businesses in America, according to the results of an Open Ratings Past Performance Evaluation conducted by Open Ratings, a Dun & Bradstreet (D&B) company.

In the report, Dedicated Developers received the following category scores (all scores are out of 100): reliability – 98; cost – 97; order accuracy – 98; delivery/timeliness – 97; quality – 98; business relations – 98; personnel – 97; customer support – 98; responsiveness – 98.

In a Past Performance Evaluation, Open Ratings conducts an independent audit of customer references and calculates a rating based upon a statistical analysis of various performance data and survey responses.

The resulting report is composed of several different items:

The first page of the report displays a company's general information, including the DUNS number, contact information, line of business, and the year it was incorporated.

The second page of the report is comprised of three parts: Overall Performance Rating, Detailed Performance Ratings, and SIC Level Quintile. For each survey question, the responses, which are provided on a 0 to 10 scale, are categorized as positive (9 to 10), neutral (5-8), or negative (0-4).

1. The Overall Performance Rating is scored from 0-100, and is comprised of the Detailed
