Sureline Systems To Present SUREedge Migrator And DR at Nutanix .NEXT Anaheim 2019

ANAHEIM, CA, USA, May 3, 2019 /EINPresswire.com/ -- Sureline Systems, a Nutanix technology alliance partner, today announced that it will host booth B38 at Nutanix's annual .NEXT Americas conference to showcase their patented and award-winning cloud migration and disaster recovery solutions.

With SUREedge Migrator, Nutanix can quickly and efficiently migrate customers' existing physical and virtual servers over to Nutanix AHV regardless of their current operating environment. SUREedge Migrator introduces a dramatic reduction in cutover times when migrating to AHV and is another example of Sureline's ongoing commitment to develop the most innovative and seamless migration and disaster recovery software solutions that address the challenges faced by today's IT professionals.

Unique capabilities in the SUREedge® platform include an agentless architecture for ease of installation and minimal impact on production servers, a plan driven UI that allows tens, hundreds or thousands of servers to be migrated in an automated process, and automated transformations so that the migrated VMs are ready to run on Nutanix AHV.

"As a Nutanix Elevate Technology Partner we are focused on developing innovative solutions that provide customers a competitive advantage when deploying their migration to AHV initiatives," said George Symons, COO, Sureline Systems, Inc. "Our enterprise-class software solutions are easy-to-deploy, highly scalable, and hardware and hypervisor agnostic."

.NEXT is the only industry conference dedicated to the latest in datacenter and enterprise cloud technologies. This year, the conference is coming to Anaheim, California and features 100+ unique sessions to inspire and inform IT professionals. While at the event, attendees will be able to attend sessions to become educated about hyperconverged infrastructure, hybrid Clouds, cloud automation, IoT and more. This year's conference will be held on May 7-9 at the Anaheim Convention Center.

About Sureline Systems

Sureline Systems enables business agility and productivity, and with cloud migration and disaster recovery of any virtual, physical, or containerized application or server at the push of a button. Sureline's patented, award winning SUREedge® enterprise-class software solutions deliver application mobility that is secure, reliable and efficient and is key to enabling transitions to the cloud, new infrastructures and a myriad of other transformative architectures. Sureline partners with industry leaders including Alibaba Cloud, AWS, Google Cloud Platform, Nutanix, and Oracle. Sureline is headquartered in San Jose, CA., and its products and services are available through a global network of VARs and technology service providers.
