

# Novel Coworking Expands National Corporate Accounts Team

---

CHICAGO, IL, UNITED STATES, May 8, 2019 /EINPresswire.com/ -- Novel Coworking is expanding its National Corporate Accounts Team with the addition of Jamie Lewis, who will serve as National Corporate Accounts Manager. The program will continue to provide a single point of contact for [enterprise companies](#) and real estate brokers serving clients with multiple office locations.

Jamie brings 15 years of selling experience in New York City working with everyone from startups to Fortune 500 companies. Jamie began her career working with Dale Carnegie and Zipcar. Her passion for real estate can be traced back to LiquidSpace where she spent significant time working with one mission in mind, to help increase her client's profits.

In addition to providing a single contact for clients with multiple locations, the National Accounts Program streamlines the office search process for corporate clients by offering easy access to Novel Coworking's network of office suites in more than 20 cities nationwide. Novel Coworking's 600 to 10,000-square-foot private office suites offer managerial offices along with a kitchen, conference room, and open floor plan space, as well as the flexibility of a 1 to 2-year term at affordable rates. In January, the company debuted its SmartSuites™, technology-enhanced office suites featuring a combination of private offices and collaborative open space, kitchen, conference room, and technologies such as Alexa-enabled sound system and biometric keypad entry.

Pricing for office suites starts at \$229 per person per month, well below that of the current global leaders in the coworking space for enterprise companies. Furthermore, Novel Coworking's all-inclusive pricing covers access to amenity space, all utilities and taxes, security, fiber internet and furniture, prominent lobby display of enterprise client logos, as well as an espresso bar and beer on tap.
