

MevoFit Thrust ECG Smartwatch Launched in India

New advanced Smartwatch which also comes with advanced ECG monitoring function. It's sturdy, carries various sport modes and is water-resistant.

NEW DELHI, NEW DELHI, INDIA, May 8, 2019 /EINPresswire.com/ -- Now get ECG updates right on your wrist! Leading fashionable active-wear company [MevoFit](#) has recently launched a state of the art smart watch on [Amazon](#) which is equipped with advanced ECG function to assure easy and continuous monitoring of ECG and heart rate for improved health. Titled "MevoFit Race-Thrust ECG-Smart-Watch", the latest watch is an all activity tracker and shows the way for a healthy and fit lifestyle.

"We are glad to bring to you our new innovative MevoFit Race-Thrust ECG-Smart-Watch which is smart, durable, strong and carries a comprehensive daily activity tracker. It is equipped to track all almost everything including HR, BP, sleep as well as ECG & PPG", stated a leading spokesperson from MevoFit.

"A healthy heart is fundamental to your overall fitness. Our new advanced watch with latest ECG function will enable you to keep track on your ECG as well as heart rate to ensure better health for you. Moreover, as our watch enables daily monitoring easily, you will always stay updated on potential cardiac issues and will be able to take the necessary steps on time for a smooth recovery."

The new MevoFit smart watch is designed with 4 kinds of sports mode- Cycling, Hiking, Running and Jumping. So, depending on your sport, you will choose the desired sport mode as you set out and the watch will start to track all the vital parameters - like distance,

steps, calories, activity time, ECG, heart rate and so on. The watch is IP 67 water resistant which means you can easily wear it while running, taking shower post exercise, washing and also in heavy rain. Akin to any smartwatch, the new MevoFit one carries a Timer and offers Notification Display for social media activities, SMS and phone calls.

As per the statements of the spokesperson, MevoFit Race-Thrust ECG-Smart-Watch features HD Full Color Screen and Smart Light Sensor Technology. It assures premium quality HD image with its IPS LCD, full color and high contrast monitor. The in-built Smart Light Sensor enables the watch to gauge illumination from ambient lights and it can automatically customize screen brightness to ensure optimum visual effect for users. Speaking further, the spokesperson highlighted on the other major features of the smartwatch-

- a) Huge 1.3 inches Color Display
- b) 240 by 240 resolution which assures easy visibility even under bright sunshine
- c) Gesture Control
- d) Dust-proof as well as water-resistant
- e) Easy charging battery that will last for up till 10 days
- f) Compatible with all major phone brands including Apple, Samsung, Huawei, Xiaomi Mi, One Plus, Motorola and so on
- Comfortable silicon strap
- g) Watch comes with full 1 year warranty

“Our MevoFit Race-Thrust All Activity Tracker smartwatch is an exclusive blend of functionality, comfort and style. It’s something that you will be proud to don and flaunt on your wrist.”
