

LEXIT, the M&A marketplace, announces partnership with Knowledgeworkx

LEXIT, the Mergers & Acquisitions marketplace, announces partnership with intercultural intelligence company Knowledgeworkx

TALLINN, ESTONIA, May 9, 2019 /EINPresswire.com/ -- LEXIT, the [M&A marketplace](#), is pleased to announce a strategic partnership with Dubai-based KnowledgeWorkx, a consulting company that enhances organizations' people, systems, and health for sustainable success, by making cutting-edge global expertise relevant to local contexts through the integration of consulting, learning, and coaching.

Through this partnership, LEXIT will enrich its all-in-one solution development by considering the intercultural factors involved in an [mergers and acquisitions](#) deal using the KnowledgeWorkx methodology for assessing and aligning the cultures of two or more organizations.

“

This is the first milestone of our Middle East expansion, and a great step forward in our quest to make mergers and acquisitions accessible to all members of the global entrepreneurial ecosystem.”
said Amir Kaltak, CEO of LEXIT

“Developing a thriving post-M&A organizational culture is possibly the last frontier of mergers and acquisitions work. We’re excited to join forces with LEXIT to make culture integration services available to the world.” – Marco Blankenburgh, KnowledgeWorkx CEO

About KnowledgeWorkx

KnowledgeWorkx was launched with a vision to create a new framework with Intercultural Intelligence at its core for understanding problems and creating accurate, creative,

and innovative solutions. Since its inception, KnowledgeWorkx products have evolved and been tested in close to 70 countries on five continents and proven to be globally effective.

About LEXIT

LEXIT is an all-in-one solution to [buy and sell companies](#) offering deal sourcing, tendering, negotiations, and data rooms. Entrepreneurs are thus empowered to discover the value of their assets on a vibrant and highly liquid marketplace. And most importantly – LEXIT enables companies to trade IP and tech assets efficiently.
