

# Entrepreneur and Mentor Arlene Krantz to be Featured on CUTV News Radio

WEST HOLLYWOOD, CALIFORNIA, UNITED STATES, May 10, 2019 /EINPresswire.com/ -- All women dream of owning their own multi-million dollar business rather than climbing and battling their way up the corporate ladder working for the proverbial male boss. But after being dismally told for many years they lacked the capabilities women have adapted fear and lost self-confidence. But one exceptional woman who has achieved amazing success is mentoring women to find their voice and reach for the stars.

Arlene is an outstanding speaker, mentor, business strategist, entrepreneur and author of "The Business Within Me".

"I work with women to help them be fearless, brazen, and spirited so they can step into their power and make the money they merit," says Arlene.

"Regrettably, most women don't realize our self-worth because we have been taught that men predominantly make the money. Consequently, women end up struggling to make ends meet. We need to stand up for ourselves and I effortlessly help encourage their ambition. We need to pursue our aspirations and dreams."

Arlene's pluckiness and passion for women's right has always been inherently within her since her younger days. For as long as she could remember she recognized how women have been continuously put down and not valued for their leadership skills. Prior to starting her own business she was discouraged by many of her own peers to expect not to succeed. Arlene has proven all the doubters how wrong they were by earning over seven figures.

"Everything we do in life is 99 percent mindset and we must realize women are leaders so we can stand adeptly in our power," says Arlene. "It's critical that we surround ourselves by other people who wholeheartedly support and encourage us to follow our career goals."

Arlene is on a pivotal mission to assist her clients in running successful business just like hers and live a prosperous lifestyle on their own terms. By assisting her clients in finding their business voice she encourages them to clearly and genuinely envision their strengths and impede their limiting beliefs and setbacks.

"Let's use our sharp wit and creativity to live a life of abundance, treat ourselves right, and not feel we are lacking anything we desire," says Arlene. "We should not have to ask our husbands for money when we can make our own!"

Arlene advises to stay clear of toxic people who constantly discourage you. When someone doesn't support your goals and tells you that you will fail say politely, "Thanks but I choose not to believe you."

"As women we must go from powerless to powerful," says Arlene. "Remember to surround ourselves with people who are reassuring and accepting of our true authentic selves. Because we never want to live our lives disingenuously."

CUTV News Radio will feature Arlene Krantz in an interview with Jim Masters on Monday May 13th at 12 p. m. EST
