

# SP eCommerce's Manish Mittal nominated for Magento's 2019 Community Spirit Awards

*SP eCommerce's Senior Lead Developer Manish Mittal is one of ten recipients of the 2019 Community Spirit Awards by Magento, an Adobe Company.*

SINGAPORE, May 15, 2019 /EINPresswire.com/ -- [SP eCommerce's Senior Lead Developer Manish Mittal](#) is one of ten recipients of the [2019 Community Spirit Awards by Magento](#), an Adobe Company and a leading eCommerce solution platform. He will head to Las Vegas, USA to attend [Imagine 2019](#), which will run from 13-15 May at Wynn Hotel.

The Community Spirit Awards was launched in 2018 to bring active contributing members of the Magento community to Imagine, the largest Magento conference worldwide. Manish was selected from a global pool of entries which saw nearly four times the number of submissions from its inaugural launch in the previous year. He has been actively contributing to the Magento Forums since 2016, topping the Solution Author Leaderboard on numerous occasions, and was officially onboarded as a Magento Forums Moderator in February 2019.

"I am very honoured to receive the Magento Community Spirit Award and thankful for the opportunity to attend Imagine 2019." said Manish "Ecommerce is a fast growing sector and I look forward to attending the workshops at Imagine 2019 to deepen my knowledge of the Magento ecosystem, as well as connect with fellow enthusiasts in the ecommerce industry.

Imagine 2019, now in its 9th year running, attracts 3,000+ eCommerce experts, including merchants, agencies, and technology providers from over 60 countries seeking the latest trends that are shaping the world of eCommerce. This year's event will feature more than 150 speakers across 100 sessions.

SP eCommerce, a member of the Singapore Post Group of Companies, delivers innovative solutions to enable brands and retailers launch and grow their eCommerce operations on a global scale. From webstore design, digital marketing, marketplace management and cross-border solutions, to omnichannel order management software and flexible fulfillment solutions – our business solutions are designed to work individually or collectively to address client specific goals.
