

Commercial Flooring Veteran Launches Florida Home & Business Services Serving Greater Orlando

Home & Business Services launches commercial and residential flooring service and residential cabinet service in the Greater Orlando area.

SAINT CLOUD, FLA, UNITED STATES, May 10, 2019 /EINPresswire.com/ -- Commercial and residential flooring expert John Brown just launched Home & Business Services in Saint Cloud, Florida, serving both residential and [commercial flooring](#), cabinets and repair needs for Greater Orlando clients.

Brown, who has nearly 40 years of experience working with business and residential clients, including banks and healthcare facilities, says he's excited to launch his new website at www.floridahomeandbusiness.com.

"The new website is great for business clients to see the wide array of manufacturers we work with, and learn about our expertise," he said. "But residential clients can also get started choosing kitchen cabinets and other things as well."

Brown, the former owner of Westma, a commercial flooring company, says customer service has always been key to his business ethic.

"We are problem solvers," he said. "Most business owners just want to do what they do best, and that's run their business. We take some of their problems off their hands, often coming in during off-hours to avoid disrupting their business operations."

Brown says Home & Business Services has expanded into [residential cabinet](#) installation to serve a broader clientele in the Greater Orlando community.

"We really take the time to learn what each client wants and needs, then we help them find a solution for their particular problem," he said.

Brown says his client list over his career includes customers such as Wells Fargo, Sun Health, Saltzer Medical Group, church camps, and many other types of clients. He says his goal is always to exceed his clients' expectations with every project.

"We work hard to make our commercial clients' jobs easier. Our clients tell us we do a pretty good job of that."

Greater Orlando Commercial Flooring Company Launches Website

About Home & Business Services

With nearly 40 years of experience in the construction trade, John Brown of Home & Business Services is an expert at helping his clients choose the right [floor coverings](#) for the job. Installation is highly professional and can be staged during or after business hours, depending on the needs of the client. No job is too big or too small for Home & Business Solutions!
