

ZE PowerGroup wins Energy Risk 2019 Data House of the Year Award

Energy Risk recognizes ZE's breadth and depth of its data and superior customer service

VANCOUVER, BRITISH COLUMBIA, CANADA, May 15, 2019 /EINPresswire.com/ -- [ZE PowerGroup Inc.](#) ("ZE"), a global leader in end-to-end data management, integration and analytics solutions has received the award for Data House of the Year at the Energy Risk Awards 2019. The winners of the Energy Risk Awards were announced at the official ceremony which took place in Houston Texas. This award recognizes data-focused services and technology excellence across the global energy trading and risk management industry sectors.

ZE is internationally known for its innovative and robust award-winning data integration and analytics platform, [ZEMA™](#) and services with a focus on energy and commodities, delivering data solutions for some of the Fortune 1000 and data-driven organizations.

“

ZE PowerGroup stood out again this year, in particular for the breadth and depth of its data and its willingness to go the extra mile to understand and facilitate its customers' needs”

Stella Farrington, Head of content at Energy Risk, Infopro Digital

“Receiving this prestigious award is the highest validation of what we are proud to do. At ZE, we have invested heavily in our staff, providing robust and innovative data management solutions and in our ZEMA, data integration, and analytics platform,” said Dr. Zak El-Ramly, President and CEO at ZE PowerGroup. “We are a customer-focused company and our successes lies in the ability to deliver mission-critical data solutions that our customers need to help them to do their jobs in a data-driven environment.”

“The Energy Risk awards are judged by an experienced editorial team with help from a panel of expert advisers. Competition for our Data house of the year category has grown fiercely in recent years as data management becomes increasingly central to energy trading firms,” said Stella Farrington, Head of content at Energy Risk, Infopro Digital. “Despite the increased competition, ZE PowerGroup stood out again this year, in particular for the breadth and depth of its data and its willingness to go the extra mile to understand and facilitate its customers' needs,” continues Farrington.

In addition to receiving this award, ZE was recently ranked first in all 6 categories of the Energy Risk Software Rankings Data Management Firms. These categories included:

- Widest supply of data
- Best pricing and curves
- Best analytics tools (charting, dashboards, etc.)
- Best at integrating with other systems and platforms
- Best Customer Service
- Preferred Data Management System
