The California Mesothelioma Victims Center wants to ensure a plumber, pipefitter, insulator, welder, electrician or construction trades worker in California who has been recently diagnosed with mesothelioma gets the absolute best financial compensation settlement. They are offering to assist a plumber or skilled trades worker in California develop a list of all the places and times they were exposed to asbestos-because it is this information that becomes the foundation for a mesothelioma compensation claim as they would be happy to discuss anytime at 800-714-0303. <https://California.MesotheliomaVictimsCenter.Com>

Vital Compensation Tip from the California Mesothelioma Victims Center: "If you or a loved one has been recently diagnosed with mesothelioma in California aside from trying recall the times and places you were exposed to asbestos please also try to recall the name or names of coworkers who witnessed your exposure to asbestos. This is a super big deal and this

information could dramatically increase your mesothelioma compensation as we would be happy to explain at 800-714-0303."

For the best possible mesothelioma treatment options in California the California Mesothelioma Victims Center strongly recommends the following health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at one of these three hospitals:

* UCLA Medical Center Los Angeles, California:

<https://cancer.ucla.edu/>

* Stanford Cancer Institute: <https://cancer.stanford.edu/>

* University of California San Francisco, San Francisco, California: <https://mountzion.ucsfmedicalcenter.org/>

“

"Call us at 800-714-0303 to ensure you are talking directly to attorney Erik Karst and his remarkable colleagues at the law firm of Karst von Oiste."

*California Mesothelioma
Victims Center*

The California Mesothelioma Victims Center also wants to emphasize theirs is a statewide unsurpassed service that is available to any diagnosed victim in California including communities such as Los Angeles, San Diego, San Francisco, San Jose, Riverside, Fresno, Sacramento, Oceanside, Palm Springs, Riverside, or Eureka.

High-risk work groups for exposure to asbestos in

California include US Navy Veterans, power plant workers, shipyard workers, oil refinery workers, chemical plant workers, manufacturing workers, plumbers, electricians, auto mechanics, machinists, or construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, mesothelioma and asbestos exposure lung cancer happen to over a thousand people each year

in California. www.karstvonoiste.com/

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>.

For more information about asbestos exposure lung cancer and mesothelioma please visit the CDC's website on these topics:
