

# Global Floating Solar Panels Market Analysis by Major Manufacturers, Size, Types, Applications and Forecast to 2025

*A new market study, titled "Global Floating Solar Panels Market Insights, Forecast to 2025", has been featured on WiseGuyReports.*

PUNE, MAHARASTRA, INDIA, May 13, 2019 /EINPresswire.com/ -- [Floating Solar Panels Market](#)

Floating solar panels are also referred as floating solar farms or floating solar arrays, referring to an array of photovoltaic (PV) panels on a structure that floats on a water body typically a lake or a reservoir. A floating solar panel system built on water conserves land space increases the overall efficiency of the solar panel, and provides several environmental benefits, including reduced evaporation of water. Our market research analysts have predicted that based on products, the stationary solar panels segment will account for the maximum share of the floating solar panels market throughout the next few years. In terms of geographic regions, APAC was the major contributor to the market. Though the region will experience a reduction in its market shares in the coming years, it will continue to account for the major shares of the floating solar panels market till.

This report researches the worldwide Floating Solar Panels market size (value, capacity, production and consumption) in key regions like United States, Europe, Asia Pacific (China, Japan) and other regions.

This study categorizes the global Floating Solar Panels breakdown data by manufacturers, region, type and application, also analyzes the market status, market share, growth rate, future trends, market drivers, opportunities and challenges, risks and entry barriers, sales channels, distributors and Porter's Five Forces Analysis.

The following manufacturers are covered in this report:

- Kyocera
- Hanwha Solar One
- Sharp
- Canadian Solar
- SunPower
- REC Solar
- Solarworld
- Panasonic/Sanyo
- Ciel & Terre
- Solaris Synergy
- Renesola
- JA Solar
- Motech
- Gintech
- LDK Solar
- GCL Poly
- Suntech
- Yingli Solar

Brazil  
Rest of South America  
Middle East & Africa  
GCC Countries  
Turkey  
Egypt  
South Africa  
Rest of Middle East & Africa

The study objectives are:

To analyze and research the global Floating Solar Panels capacity, production, value,

consumption, status and forecast;

To focus on the key Floating Solar Panels manufacturers and study the capacity, production, value, market share and development plans in next few years.

To focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market.

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their growth strategies.

For the data information by region, company, type and application, 2018 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.

Table of Content:

- 1 Report Overview
- 2 Global Growth Trends
- 3 Market Share by Key Players
- 4 Breakdown Data by Type and Application
- 5 United States
- 6 Europe
- 7 China
- 8 Japan
- 9 Southeast Asia
- 10 India
- 11 Central & South America
- 12 International Players Profiles
- 13 Market Forecast 2019-2025
- 14 Analyst's Viewpoints/Conclusions
- 15 Appendix
