

# East Loop Dental Celebrates Its One Year Anniversary

---

CHICAGO, IL, UNITED STATES, May 13, 2019 /EINPresswire.com/ -- [East Loop Dental](#) announced its first anniversary as the Chicago Loop's newest implant and cosmetic dental practice.

The Chicago Loop practice is lead by Michael Kostal, DDS, MPH and Jacqueline Rodriguez, DMD. "While designing and opening a new office is definitely exciting, it's really been humbling seeing the support and dedication from all of our wonderful patients during our first 12 months. We couldn't have done any of this without their trust in our care," Dr. Kostal said.

East Loop Dental offers a full array of surgical, regenerative, and general dental procedures, including same-day crowns and implants, 3D CT scan imaging, dental photography, oral cancer screenings, routine cleanings and periodontal therapy, Invisalign clear braces, and teeth whitening treatment options. "Our approach to dentistry is a friendly and relaxed one, and that's the atmosphere we like to create in our office. Whether it's a routine cleaning or a complex surgery, we work for you, the patient, so that together we can make the best decisions to benefit your dental and overall health," Dr. Rodriguez said.

By offering the most current technology and imaging, East Loop Dental is able to show patients their jaw and teeth, existing dental work, and any potential dental problems in real time to help eliminate the confusion of dental treatment. "We love taking photos at East Loop Dental! Why tell a patient what we recommend when we can show them? This really engages the patient in their own dental care. Dental care, especially existing dental work, can be confusing. We want our patients to see exactly what we see, which allows us to make decisions together as a team," Dr. Kostal said.

As a trilingual office, East Loop Dental is able to provide dental care to English, Spanish, and Polish speakers. "We treat our patients like our own family. We want them to be comfortable explaining their dental concerns and asking questions in the language they're most comfortable speaking," said Luiza Przewodnikowska, East Loop Dental Office Manager.

East Loop Dental is excited to be a part of the Chicago Loop community and looks forward to continued growth in 2019! If you're searching for a new dentist or simply have a dental question, please don't hesitate to call or email.
