HealthyGen recently announced the launch of its ClickBank Affiliate Marketing Program for TurmaSlim. This is great news for website owners in all niches. During a recent interview, Dr. Oz made these comments, “[Forskolin](#) is responsible for creating a furnace in your cells, and by heating up that area in the cells you are literally burning more fat from the inside out.”

A look at this second-generation formula:

- TurmaSlim’s main ingredient is 500mg of the ground-breaking Forskolin - Activates the body’s fat burning messenger. Forskolin releases fatty acids from adipose tissue, resulting in the break down and ultimately the loss of stored body fat.
- Turmeric (Curcumin Extract): 500 mg, Curcumin, an anti-inflammatory, decreases the inflammation content in fat cells so they don't block nutrients like Forskolin from getting in and doing its job.
- Bioperine® (Black Pepper Extract): 5 mg, Adding black pepper enhances the absorption of Turmeric into the body and significantly improves its effectiveness.
