The art prints in the Good Vibes Collection feature mandala drawings and paintings in black and white as well as blues and greens inspired by nature, conveying a modern sense of calm. Available in a range of sizes from 4 x 4 inches to 48 x 48 inches, the art prints are available on gallery wrapped canvas, archival paper, or as instant printable downloads, depending on the particular design.

Perfect for spaces geared towards relaxation, rejuvenation, or creativity, including the bedroom, living room or workspace with modern décor, unique graphic text art prints featuring phrases including, 'Good Vibes Only' and 'Calm The Heck Down' are available as printable art for instant download. Printable files provide the ease and convenience of printing at home or at a local print shop, without the wait for shipment of a physical item by mail.

In addition to canvas prints and printable art pieces, the Good Vibes series also includes an inspiring selection of color your own prints. The 12 inch x 12 inch paper prints are the perfect size for framing, and all of the color your own pieces include a free copy of The Thing Creative Guide, an ebook designed to boost creative thinking and improve artistic skills.

Having graduated Magna Cum Laude with a BA in Art and Performance from the University of Texas at Dallas, artist Steph Hargrove, along with her husband and their dog, relocated to a beautiful beach in Isabela, Puerto Rico to start an ocean-inspired adventure. Hurricane Maria forced them to evacuate the island and move to Florida, where Steph continues to create art inspired by the ocean and nature.

As an enthusiastic environmental protection advocate, the artist donates generously from the

proceeds of all her art sales to support eco-friendly causes and global improvement programs. In her own words, Steph says of her work, "As an artist and as a human being, I am motivated and inspired to help others and to bring money and awareness to environmental and social causes."
