

Coworking Health Plans by Leaa: the Future of Health Care

NEW YORK, NY, USA, May 15, 2019 /EINPresswire.com/ -- New York, NY – [Leaa](#), a startup in the medical field that is single-handedly revolutionizing the industry with its innovative approach to health care, has announced that it will now be extending its medical services to coworking offices in the New York area.

Leaa was created by Eli Ofel. Lestat and Isaak N. Yakubov are Co-Founders & CEOs. Together they gathered a team of medical providers as a remarkable viable health insurance alternative. The company sends its specialty doctors to the patient's home or workplace, a solution that results in enormous benefits for the patient.

“

People love the fact that they don't have to wait in line, they don't have to take time off work, and even more important, they don't have to expose themselves to all kinds of disease in the ER!”

Eli Ofel

“We have treated over 2,000 patients in the last four months alone,” says the company's founder, Eli Ofel. “Our services are really making a difference in the medical profession as well as in people's lives, from dancer patients with our vitamin C IV booster, elderly to businessmen/women, to the average joe, and no wonder. People love the fact that they don't have to wait in line, they don't have to take time off work, and even more important, they don't have to expose themselves to all kinds of disease in the ER!.

“They can simply wait at home doing whatever they were doing and a doctor will knock on the door at the time he

was scheduled, as simple and as enjoyable as ordering pizza”

Leaa is now expanding its services to include coworking office spaces, and has announced its new collaboration with [The Yard](#), that provides Coworking office spaces for entrepreneurs, startups and more. With the new collaboration, members of The Yard's can take advantage of a Leaa's membership for an exceptionally low price to gain access to in-office doctor's visits or even home visits along with a wide variety of complimentary and discounted medical services.

Leaa is introducing very flexible and compelling prices with its new health care plans for home and the [coworking space](#).

A list of medical services that are provided with Leaa's coworking health plans can be viewed on the Leaa website.

Leaa has also announced that it is adding specialty doctors to its already highly specialized team:

“These are the type of specialists that it would normally take weeks to get an appointment with,”

adds Ofel. "But if you're signed up with Leaa, you can have your chart viewed by a specialist doctor within 48 hours. Our specialists are fully trained to perform procedures in a home setting."

Leaa's specialist procedures include:

- Skin biopsy
- Botox and fillers
- Echocardiogram
- Spirometry
- Electrocardiogram
- Chest X-rays
- X-rays of the bones
- Eye pain and eyeglasses prescriptions
- Fracture repair, casting and splinting
- Blood work and tests for certain infectious diseases
- And a great many more.
